

the Lanikai Lounger™

Relaxation and guest room treatment bed

The Lanikai Lounger is the perfect personal relaxation space for elite spa and resort clients. Incredibly versatile - read, sleep, lounge or enjoy a spa treatment. The fully electric, luxuriously upholstered Strata™ memory cushion top can adjust at the touch of a button. Enhance relaxation room revenue potential with reflexology, acoustic resonance, facials, manicure and other treatments. Add optional lift actuators for height adjustment.

Shown with optional side table

Sleek, eco-friendly hardwood cabinet - integrated steel frame adds strength and stability.

Fully electric, articulating top - provides infinite back and leg adjustments to maximize comfort.

Luxurious Strata 4" Memory Foam Cushioning System - coupled with buttery soft, yet eco-friendly Natursoft™ upholstery, provides pure bliss.

PowerPort™ - provides easy surge protected i-Pod, laptop, and phone usage.

Convenient, built-in supply drawer - keeps supplies within reach.

the Chill Lounger™

Relaxation and guest room lounge

The Chill Lounger will heighten a client's spa experience and transform a non-descript lounge area into a revenue generating, satisfaction center. Part of the Cary Collier Collection, the Chill Lounger features a cozy, fully adjustable, Strata™ 4" Memory Foam Cushioning system to cradle clients in luxury, while its activity console comes complete with a dimmable reading lamp, a surge protected power outlet for i-Pods, televisions or laptops, and a notched granite service area for food, drink, and other items. In addition to being a perfect personal relaxation space, the Chill Lounger is great for manicures, reflexology treatments, and acoustic resonance therapy, the latest innovation in spa treatments.

Shown with optional PivotPerfect Side Arms

Fully adjustable electric salon top - moves at the touch of a button. The generously oversized luxurious top is perfect for relaxing, reading, listening/viewing, or even sleeping.

Granite shelf - for snacks, beverages, treatment menu, etc.

Dimmable reading lamp - for convenient lighting.

i-Pod and laptop ready - with the PowerPort™ activity console.
