

the Nuage™

*All-electric multi-purpose spa treatment table*

The groundbreaking Nuage line features LEC's proprietary Electra-Glide™ lift actuators, the quietest, smoothest, all-electric lifting actuators in the market today. An amazing Softstart/Softstop™ feature gives a subtle, almost imperceptible, elevator type feel as the table gently whisks clients up and down. This table has been designed from the ground up for ultra-reliability and minimal maintenance requirements in the most intensive spa environments.

*Shown with optional Salon Headrest and Flex Arms*

*Nuage Cuvée*

*Nuage Traditional*

**Whisper silent Electra-Glide™ lifting actuators** - featuring four plug and play, sound proofed, electronically synchronized electric actuators with Softstart/Softstop™ technology.

**Electronic, programmable Salon Top** - perfect for facials, massage and many other spa treatments.

**Spacious Hot Towel Cabi ready maple cabinet in three style options** - Traditional, Contemporary, and Cuvée.

**Ultra-stable cross braced steel frame** - patent pending technology for increased strength and stability.

*Nuage Contemporary*
